Factors influencing consumption

1. **User Behaviour Factors:**

- Users develop routines around apps with consistent value delivery.
- Personalized recommendations or contextually relevant content increases meaningful interaction.

2. **Product Design & Feature Factors:**

- Hero features drive consistent engagement; ancillary features boost retention incrementally.
- Smooth on-boarding, low friction navigation, and minimal latency prevent engagement drop-offs.

3. **External Factors:**

- Temporary boosts must be analysed against long-term retention to avoid misleading interpretation.

-

INITIATIVES TO INCREASE BASE
